

**Component Unit Year End Reporting Memorandum – FY 2005**  
**Attachment CU12 - Instructions**  
**Intrafund Activity**

---

**Purpose**

This attachment is applicable to component units that report foundations and / or component units as part of the entity. This attachment is used to determine if intrafund activity is reported in an entity's financial statements / template. If intrafund activity exists, this attachment is used to determine the entries to eliminate the activity. This attachment is new for this year.

---

**Applicable entities**

- Virginia Equine Center Foundation and Virginia Horse Center Foundation
- Virginia Port Authority and Virginia International Terminals
- **Any other component unit that reports a DISCRETE component unit and/or foundation as part of its reporting entity.**

**NOTE:** If a component unit reports a **BLENDED** component unit as part of its reporting entity, information should be reported net of intrafund eliminations; therefore, this attachment is not required.

**Note:** The entity must answer the first question of the attachment to determine if the attachment must be completed.

---

**Due date**

**September 27, 2005**

**Note:** This attachment is due with the financial statements / template.

**Attachment  
revisions**

If attachment revisions are made subsequent to DOA acknowledgement of receipt and acceptance of the original attachment submission, **resubmit the revised attachment AND complete the Revision Control Log Tab in the attachment excel file.**

Enter the revision date, row number and column letter revised, and the previous and revised information. Document text changes and numerical changes. Only enter changes for amounts actually keyed. For example, if a non-keyed, calculated total changes as a result of the revision, this does not need to be documented on the Revision Control Log.

If the attachment is revised more than once, do not delete control log revision information from the previous revision. Enter the new revision date and the additional revisions in the rows following the initial revision rows. This log should document all revisions from the initial attachment submission.
